**Subject:** RE: Crude MCHM standards

Cerilliant does not offer any of these standards.

Thanks!

Deborah

**Subject:** Crude MCHM standards

Hi,

I was wondering if you had any standards of the components of "crude MCHM", the compound that was just spilled in the Elk River in WV. The attached MSDS shows 5 different compounds (not counting water and methanol). I'm most interested in the two primary components, but any of them might do.

Thanks

Jennie
